April 10, 2017, Hawaii, Maui, U.S.A.

[Four Seasons Resort Maui at Wailea](#) announces the return of [Couples Season](#) 2017, set for September through November. This year, the acclaimed luxury Resort is offering guests who book now a [Double Experience More](#) package. Guests who take advantage of the limited time offer will enjoy a Resort credit of up to USD 100 for rooms and USD 400 for suites, the Resort's richest package of the year.

"It's no secret that Maui is *the* destination for romance," says Regional Vice President and General Manager [Jean Claude Wietzel](#). "We welcome honeymooners, babymooners and couples celebrating anniversaries year-round, but romance is truly in the air from September through November. The kids are back in school, leaving the Resort primarily occupied by adults, and couples can enjoy not only the best possible rate package but special activities and extras across the Resort, many of them complimentary just for the season."

[Maui is a lover's paradise](#), and the Resort's seasoned concierge team will expertly craft an itinerary for the perfect honeymoon, babymoon, anniversary, or couples retreat. Watch the sunrise above the clouds high atop Mt. Haleakala, take a dip in a refreshing waterfall along the Road to Hana, or simply enjoy a magnificent sunset with a Four Seasons catered picnic and bottle of champagne. These are the quintessentially romantic Maui moments, and when couples are ready to retreat to their home away from home, the [newly renovated Resort](#) awaits with special pricing in the Resort's three acclaimed restaurants, [The Spa](#), Maui Undersea Adventure, and boutiques to ensure the Double Experience More Resort credit is more valuable than ever. Nothing says love like an Oceanside Couples Massage followed by dinner under a canopy of stars at [Ferraro's Bar e Ristorante](#), awarded one of the nation's Most Romantic restaurants by the diners of OpenTable.

While the Resort is famous for its commitment to complimentary extras, the activities are even more robust during Couples Season. In addition to poolside cabanas and private [oceanfront sanctuaries](#) serviced by dedicated attendants, snorkeling gear, outrigger canoeing and an array of fitness classes and cultural activities, Couples Season's complimentary activities include stand up paddleboarding (SUP) yoga, cocktail classes, cooking demonstrations and other surprises.
