The Marathon of Hope Continues

Four Seasons Hotels and Resorts is committed to advancing cancer research. Much of the Hotel's devotion to this important cause stems from Terry Fox's 1980 Marathon of Hope. Terry inspired Canadians to action before dying of lung cancer less than a year after striking out across Canada with the goal of raising one million dollars. To date, more than CAD 700 million has been raised worldwide for cancer research in Terry's name through the annual runs held coast-to-coast, and around the world.
